

# CURveyor®

PFI's Curveyor design features custom-built powered belt turns for the food processing and material handling industries. Bi-directional product flow and a center driven belt is beneficial for right-hand or left-hand functionality. Ease of maintenance allows belt removal and replacement in approximately 30 minutes.

## LOW-MAINTENANCE

- Quick disassembly without the use of tools
- Belt replacement in 30 minutes

## OPEN FRAME

- Open frame, sanitary design
- Components are easily accessible for cleaning and maintenance

## TIGHT TRANSFERS

Small diameter in-feed and discharge rollers allow for the smallest product to transfer without concern for large transfer gaps or product damage.
